

Integrative Oncology Wellness Plan MD™

Integrative & Complementary Medicine
J. William LaValley, M.D.

Medical Care integrating Conventional Medicine with Natural Medicine

Patient-centered. Evidence-Based.
Outcome Driven.™

Integrative Oncology Wellness Plan MD™ professional medical consultations provide in-depth health assessments and rigorously comprehensive treatment recommendations for people diagnosed with cancer and associated chronic, complex, multi-system disease.

Dr. LaValley is a medical doctor licensed in Texas and in Nova Scotia, Canada. He provides medical consultations emphasizing medical wellness promotion - in addition to medical disease treatment. The **Integrative Oncology Wellness Plan MD™** consultation integrates and blends conventional medical treatment recommendations with additional safe and beneficial complementary medical treatment recommendations that are simultaneously **holistic AND scientific™**.

Dr. LaValley is a 1980 graduate of Trinity University in San Antonio and a 1986 graduate of Baylor College of Medicine in Houston. He completed his Family Practice Internship at the University of Louisville School of Medicine in 1987. During medical school, in addition to his conventional medical education, Dr. LaValley traveled widely in China and Europe for extensive training in numerous holistic and natural medicine treatments.

Dr. LaValley is the Chairperson of the Complementary Medicine Section in Doctors Nova Scotia, the Nova Scotia Division of the Canadian Medical Association (CMA). Dr. LaValley is a member of the Travis County Medical Society (TCMS) in Austin Texas, and member of the Texas Medical Association (TMA) and the American Medical Association (AMA).

Integrative Oncology Wellness Plan MD™ consultation services usually include providing various **Cancer Wellness Protocol™** treatment guidelines and suggestions to achieve effective beneficial healthy results that are durable, measurable and practical.
